WHO WE ARE

YOUR BUSINESS PRINTING PARTNER

Established in 2022, Meteorjet Printing is an Ipoh-based commercial printing and production partner serving businesses with integrated print, branding, apparel and event-related solutions.

We support SMEs, corporate organisations, F&B businesses, retailers, agencies, designers and event companies with both project-based and recurring printing requirements.

Our role goes beyond producing individual print items. We help clients coordinate multiple requirements through a single point of contact - from material selection and artwork preparation to production, finishing and delivery.

Concept visual - for capability illustration.

One Contact. One Printing Partner.

Our capabilities cover short-run digital printing, custom labels, corporate materials, packaging support, apparel printing, large-format graphics, displays, signage-related production and event collateral.

For businesses outside Ipoh, delivery can be arranged across Malaysia for suitable products. We also support Singapore-based companies requiring production in Malaysia, as well as businesses travelling to Ipoh and Perak for exhibitions, events and commercial activities.

Reliable Communication • Flexible Production • Consistent Execution

WHY METEORJET

WHY BUSINESSES WORK WITH METEORJET
